

Innovate. Power. Deliver.

M/S. **A&U Accurate Power Solutions Pvt. Ltd.**

Was incorporated in the year 2023 by

**Mr. Bhalchandra Mehetre & Mr. Durgesh Surve.**

With the primary objective of providing relabel power with power backup solution to the critical load that are present in the Data Centres, Servers, Industries, office automation equipment, Banks, Telecom Industries, Financial Institutions, Academic Institutes, Corporate Offices and Hospitals / Diagnostics centres to name a few.

## **We take pride in our own Manufacturing Products:**

The Company is serving the Electrical / Electronics Industries.

### **Servo Voltage Control Stabilizers:**

We manufacturer and supplier of SVCS Air cooled and Oil cooled under our own brand A&U range starting from 1KVA to 20KVA (Single Phase) & from 5KVA to 500KVA (Three Phase)

### **The Company also manufacturer of custom designed Control and Power transformers, Isolation Transformers, Inverter Transformers, Inductors / Reactors & Chokes.:**

We do customise designed products for various industrial applications like UPS systems, Solar Inverters, Battery Chargers, CNC machines, Machine tools, Control panels, VFD panels, APFC, Instruments, Power Supplies etc.

**On-line UPS Systems:** Customise requirements up to 200KVA under Brand: A&U

### **Industrial Inverters and Lift Inverters:**

Customised solutions up to 120KVA under Brand: A&U

### **Lithium batteries and battery Chargers:**

We give customised technical solutions for Lithium batteries with different chemistries for Power Industry as well as E-vehicle market. As per battery chemistry we design customised battery chargers as well.

## **We take pride in dealing following products.:**

**On-line UPS Systems.:** Range starting from 600VA to 1000KVA (LF & HF) We are dealing with Branded UPS like Eaton, Vertive (Emerson), APC (Schnieder), ProstarM, Power-one & Saksham.

**Home UPS / Inverters and Industrial Inverters.:** up to 120KVA. We are dealing with brand like Luminous, Microtek, Dizi Power etc.

**All chemistries of Batteries.:** We offer Lead Acid battery chemistry of SMF VRLA, Tubular batteries 2V cells and 12V Monoblock batteries. Nicked battery chemistry with customises solution. Lithium battery chemistry with customise solution. We are dealing with reputed brands like Exide, Quanta/Amaraja, EnerRocket, Coslight, Long batteries, Luminous, Okaya.

## Our Comprehensive range of services includes:

**AMC - Annual Maintenance Contract.:** We take any make UPS, Inverter under AMC up to 120KVA and Servo Voltage Stabilizer up to 500KVA across PAN India locations.

**Repairing.:** We do repair of any make UPS, Inverter up to 120KVA across North, South and West region of India.

**Battery health check-up:** We do battery health check-up across PAN India locations.

## What Makes us one of the best Manufacturer, solutions and Service provider?

1. In-house customized Designs.
2. Highly Trained and experienced professionals.
3. Provide Annual Maintenance.
4. Unique, Customized solutions for your needs.
5. Efficient and cost-effective solutions.
6. Prompt response and 24X7 support services

## Core Team:

**Mr. Bhalchandra Mehetre.:** Providing efficient and cost effective solutions to the power industry for more than 30 years. He founded Utkarsh Power Services company in the year 2017. He started manufacturing of Servo Control Voltage Stabilizers Air cooled as well as Oil cooled under Utkarsh Brand to building business. It's under Mr. Bhalchandra's leadership company has achieved growth. It's his passion to become one of the best Servo Stabilizer and Transformer manufacturer in India. His dream is to export SCVS & Transformers from India.

**Mr. Durgesh Surve.:** Founded Antilia Info Solution in the year 2016. He started firm that provide technical-commercial solutions in the power industry to building business. He has creative marketing professional with successful 20 years track record in power industry and has credible experience in driving sales, business strategies, marketing, operations and customer engagement. At A&U, Durgesh is driving business growth strategies and people engagement to enable business quantum for the organisation.

## Core Values:

1. We believe in treating our customer with respect and faith.
2. We grow through creativity, invention and innovation.
3. We integrate honesty, integrity and business ethics into all aspects of our business functioning.

## Vision:

Our aim is to be the India's leading manufacturer of the Servo Stabilizer and transformers. To provide the most reliable power Solution and services with the best affordable products to our valuable customers.

## Mission:

Provide reliable power and back-up solutions in an economical and efficient manner.
